

CITY OF SPRINGFIELD  
INTER-OFFICE MEMORANDUM

ATTENTION OF Memo to file

DATE October 10, 1977

DEPARTMENT

Gene Pabst and I met with Mr. Don Fechner at the car wash located at 2310 South Campbell on Friday, October 7, 1977. This office observed storm water dripping off the roof and entering the sanitary sewer. Mr. Fechner stated that he didn't believe the amount of water entering the sanitary sewer would justify the expense of curbs, gutters, etc. It was suggested that Henry Cole also inspect the property and make a decision as to what should be done.

CITY OF SPRINGFIELD  
INTER-OFFICE MEMORANDUM

ATTENTION OF Memo to file

DATE October 6, 1977

DEPARTMENT

This office received a call from Mr. Don Fechner concerning the car wash roof runoff entering the sanitary sewer at 2310 S. Campbell. He stated he did not believe the roof runoff entered his sanitary sewer. I agreed to make another inspection, with him present, during another rainfall event. No action will be taken till this inspection is completed.
